

## World's Largest Rubber Duck

With the largest Tall Ships event in Tacoma, Washington's history just got even bigger. The world's largest rubber duck will fly the coop and turn Foss Waterway into her own personal bathtub. Kids 8 to 80 are gonna enjoy this!

Mama Duck will be available during festival hours starting with the Parade of Sail on June 15. Rides are not permitted and to protect her during certain weather extremes, she may not be on display.
