In addition, Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Pierce Transit and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor’s failure to comply shall constitute a material breach of this contract. The Contractor agrees to accept all changed requirements that apply to this contract.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES
The Purchaser and the Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express, written consent by the Federal Government the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to Pierce Transit, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS
The contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. 3801 et seq. and U. S. DOT regulations, “Program Fraud Civil Remedies” 49 CFR Part 31, apply to its actions pertaining to the Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the contractor further acknowledges that if it makes, or causes to be made a false, fictitious, or fraudulent claim, statement, submission, or certification to Pierce Transit in connection with this project, Pierce Transit and/or the Federal Government reserve the right to the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent that Pierce Transit and/or the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to Pierce Transit or the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. para 5307, Pierce Transit and/or the Federal Government reserves the right to impose the penalties of 18 U.S.C. para 1001 and 49 U.S.C. para 5307 (n)(1) on the Contractor, to the extent that Pierce Transit and/or the Federal Government deems appropriate.
The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

Pierce Transit for its convenience may terminate this contract, in whole or in part, at any time by written notice to the Contractor. After receipt of a Notice of Termination, and except as directed by the Pierce Transit, the Contractor shall immediately stop work as directed in the Notice, and comply with all other requirements in the Notice. The Contractor shall be paid its costs, including necessary and reasonable contract close-out costs and profit on that portion of the work satisfactorily performed up to the date of termination as specified in the Notice. The Contractor shall promptly submit its request for the termination payment, together with detailed supporting documentation. If the Contractor has any property in its possession belonging to Pierce Transit, the Contractor will account for the same and dispose of it in the manner Pierce Transit directs. All termination payment requests are subject to cost/price analysis to determine reasonableness and compliance with the contract, the contract termination agreement, applicable laws and regulations.

B. Termination for Default:

In addition to termination for convenience, if the Contractor does not deliver supplies in accordance with the contract delivery schedule, or if the contract is for services and the Contractor fails to perform in the manner called for in the contract, or if the contractor fails to comply with any other material provisions of the contract, Pierce Transit may terminate this contract, in whole or in part, for default. Termination shall be effected by serving a Notice of Termination on the Contractor, setting forth the manner in which the Contractor is in default and the effective date of termination. The Contractor will only be paid the contract price for goods delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract less any damages to Pierce Transit caused by such default. All termination payment requests are subject to cost/price analysis to determine reasonableness and compliance with the contract, the contract termination agreement, applicable laws and regulations. If the Contractor has any property in its possession belonging to Pierce Transit, the Contractor will account for the same and dispose of it in the manner Pierce Transit directs.

If the contract is terminated, the rights, duties and obligations of the parties, including compensation to the Contractor, shall be determined in accordance with Part 49 of the Federal Acquisition Regulation in effect on the date of this contract. The termination of this contract shall in no way relieve the Contractor from any of its obligations under this contract nor limit the rights and remedies of Pierce Transit hereunder in any manner.

If it is later determined by Pierce Transit that the Contract had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of are beyond the control of the Contractor, Pierce Transit, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.
Pierce Transit in its sole discretion may, in the case of a termination for breach or default, allow the contractor fourteen (14) calendar days in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to Pierce Transit’s satisfaction the breach or default or any of the terms, covenants, or conditions of the Contract within fourteen (14) calendar days after receipt by Contractor of written notice from Pierce Transit setting forth the nature of said breach or default, Pierce Transit shall have the right to terminate the Contract with a written 30-day cancellation notice without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude Pierce Transit from also pursuing all available remedies against Contractor and its sureties for said breach of default.

In the event that Pierce Transit elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by Pierce Transit shall not limit Pierce Transit’s remedies for any succeeding breach of that or of any other term, covenant or condition of the contract.

C. Termination or Suspension for Non-Appropriation:

Pierce Transit’s Board of Commissioners may cancel this contract at the end of the then current fiscal period for non-appropriation of funds. Such cancellation shall be upon thirty (30) days written notice to the Contractor. Pierce Transit’s fiscal period ends December 31 of each year. If the contract is terminated as provided in this subsection Pierce Transit will be liable only for payment in accordance with the terms of this contract for costs incurred prior to the effective date of termination; and the Contractor shall be released from any obligation to provide further services pursuant to the contract as are affected by the termination. If the Contractor has in its possession any property belonging to Pierce Transit, the Contractor shall account for same and dispose of it in the manner Pierce Transit directs.

Funding under this contract beyond the current appropriation year is conditional upon the appropriation by the Pierce Transit Board of Commissioners of sufficient funds to support the activities described in this contract. Should such an appropriation not be approved, the contract will terminate at the close of the current appropriation year and the termination will be processed as a termination for convenience. Termination may be for all or part of the contract. In addition, Pierce Transit reserves the right to suspend delivery of all or part of an order if it is in the best interest of the Agency.

SECTION 5. NOT USED
SECTION 6. NOT USED
SECTION 7. ROLLING STOCK/TURNKEY

BUY AMERICA (Rolling stock over $150,000.00)

The Contractor agrees to comply with 49 U.S.C. 5323(j) and 49 CFR Part 661, which provide that Federal funds may not be obligated unless steel, iron and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7, and include final assembly in the United States for 15 passenger vans and 15 passenger wagons produced by Chrysler Corporation, microcomputer equipment, software and small purchases (currently less than $150,000) made with capital, operating or planning funds. Separate requirements for rolling stock are set out at 5323(j)(2)(C) and 49 CFR 661.11. Rolling stock not subject to a general waiver must be manufactured in the United States and have a seventy percent (70%) domestic content.

A bidder or offeror must submit to Pierce Transit the appropriate Buy American certification (see forms attached) with all bids on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification shall be rejected as non-responsive.

In order to qualify as a domestic end-product, the cost of components produced in the United States must be seventy percent (70%) or more of the cost of all components, and final assembly must take place in the United States.

If the configuration or components are not identical, the manufacturer shall provide a description of the change and the manufacturer's basis for concluding that it is not a major change requiring additional testing.

4. If the manufacturer represents that the vehicle is "grandfathered" (has been used in mass transit service in the United States before October 1, 1988, and is currently being produced without a major change in configuration or
components), the manufacturer shall provide the name and address of the recipient of such a vehicle and the details of that vehicle's configuration and major components.
