## Presentations/Updates

Good afternoon Commissioners of the Board. My name is Cody Bakken. I have been a member of the Community Transportation Advisory Group (CTAG) since 2016. I would like to present to you the quarterly update on our activities. Please note: there has not been any public comment during this quarter.

In March, CTAG was approached by Mike Griffus (Chief Operating Officer), regarding the Bus Stop Balancing project. After more than 2000 bus stops were analyzed to compile a list of those to consider for removal, and after an exhaustive public comment period producing several hundred valuable insights on various bus stops, Mike asked that CTAG select a CTAG member to join the review committee. I (Cody Bakken) was selected for this responsibility. Brenda Davis and Lani Fowlkes from Community Development came to the meeting to update CTAG on the Outreach Action Plan. CTAG expressed a desire to take an active role in outreach, including the Student Art Contest and the Student Education program. CTAG deliberated on a number of topics, including the City of Tacoma's (CoT) At Home In Tacoma housing project and the new CEO gualities to look for during the forthcoming recruitment process. CTAG asked me (Cody Bakken) to submit on its behalf a letter to the At Home In Tacoma effort to ask that public transit be given priority when re-evaluating housing and city planning for the future. This letter was submitted by the deadline and CoT staff continue to respond with updates. CTAG also asked guestions about the potential ballot measure that The Board has been deliberating, wishing to know more about the guestions the Board has regarding the concerns they have. CTAG members expressed a desire to see the efforts moved forward and put to a vote of the people.

In April, Ryan Wheaton (Planning & Community Development Executive Director) visited CTAG to discuss efforts to transform local transit (including a potential ballot measure effort). Ryan shared the efforts Pierce Transit staff have made to educate the public and the Board on what would be needed to bring the vote to fruition, and what the changes Pierce Transit would undergo as a result of a successful yes-vote. CTAG members were quite excited by the prospect of more frequent and later running service, fareless rides for select communities, and expanded service to areas not fully served currently. Ryan was asked the direct question: "What can I do to help with this effort?" To which Ryan replied that it's up to the Board of Commissioners to make the decision about moving forward. CTAG further deliberated on other topics, including the CEO Recruitment effort and the Bus Stop Balancing project. A new CTAG member was selected to represent CTAG at the BRT Community Committee. Members also discussed concerns over proper masking wearing while riding the bus, with comments made regarding drivers as well as riders seen in violation of what is not only a health practice but a current federal law. Penny Grellier (Community Development Administrator, CTAG Liaison) agreed to pass along suggestions to Dena Withrow in Operations in order to help make mask wearing more palatable on the buses. CTAG was provided with several dates for when Pierce Transit would be at Farmers' Market events to help with Outreach efforts. AT this point, CTAG members were asked to think about the needs involved in restarting in-person meetings again by September and how CTAG could help provide information to the public when there are new concerns brought forward, such as a ballot measure for consideration.

In May, Kathy Walton (Marketing Supervisor), Rebecca Japhet (Communications Manager/Public Information Officer), and Alex Alderman (Community Development Specialist) asked CTAG to participate in a brainstorming session to consider new ideas for promoting ridership. A suggestion was for new riders to self-identify with a commemorative button so that operators and other Pierce Transit staff can easily recognize who needs additional information. Ryan Wheaton (Planning & Community Development Executive Director) returned to CTAG to discuss results of the public ridership survey asked for by the Board of Commissioners. It was made clear that the Board wants CTAG to formally weigh-in on this topic.

The June agenda for CTAG includes a discussion with Darin Stavish (Principal Planner) on a study regarding expansion of the Stream BRT system, a discussion with Duane Wakan (Senior Planner) regarding the JBLM Runner service, and a nomination for the first-ever CTAG Hero Award.

Ladies and gentlemen of the Board, I thank you for your time and welcome any questions you have for me at this point.

#### WELCOMING REMARKS

Chair Woodards welcomed attendees and thanked the Commissioners for meeting on short notice. She noted that the agency is currently in the process of selecting a new CEO to replace Ms. Dreier and is taking steps to position the agency during the transition process. She reported that today's meeting is being convened to address the appointment of an Interim CEO until the new CEO is hired and to evaluate whether the agency should proceed with an on-call contract for Ms. Dreier to provide consulting services to Pierce Transit and the new CEO during the transition process.

#### **RECESS INTO EXECUTIVE SESSION**

Chair Woodards recessed the meeting into executive session at 1:40 p.m. for approximately 30 minutes to 1) discuss potential legal risks of a proposed action that could result in adverse legal or financial consequences to the agency, pursuant to RCW 42.30.110 (1) (iii); and 2) evaluate the qualifications of an Interim CEO, pursuant to RCW 42.30.110 (1) (g).

Chair Woodards also reported that when the Board returns to open session, the Board may discuss whether the agency should proceed with an on-call contract for the current CEO to provide consulting services to Pierce Transit and the new Chief Executive Officer during the transition period and related contract terms. The Board may also discuss the qualifications of an Interim CEO candidate and may appoint an Interim CEO until a new Chief Executive Officer is hired.

At 2:10 p.m., it was announced to attendees that the Executive Session would be extended 10 minutes. (*Aaron Millstein, General Counsel, left the meeting.*)

At 2:20 p.m., it was announced to attendees that the Executive Session would be extended 15 minutes.

At 2:37 p.m., it was announced to attendees that the Executive Session would be extended 5 minutes.

#### RECONVENE BACK TO OPEN SESSION

At 2:40 p.m., the regular meeting was reconvened. Chair Woodards announced that the Board intends to appoint Amy Cleveland, Executive Director of Administration, as the Interim CEO and they will formalize that appointment at the June 14, 2021, Board meeting.

Chair Woodards thanked Ms. Cleveland for taking on this extra responsibility.

#### **ADJOURNMENT**

Commissioners Keel and Walker <u>moved</u> and seconded to adjourn the meeting at 2:42 p.m.

Motion carried, 7-0.

Deanne Jacobson Clerk of the Board Victoria Woodards, Chair Board of Commissioners

#### **OPENING REMARKS AND HOUSEKEEPING ITEMS**

Chair Woodards welcomed board members, staff, and citizens to the virtual meeting and provided instructions for participation to attendees.

#### SPECIAL BUSINESS

#### 1. Moment of Silence to Honor and Remember Pierce Transit Employees Who Passed Away over the Past Month

On behalf of the Board of Commissioners, Chair Woodards expressed her deepest condolences and heart felt sentiment to the families and fellow employees of Pierce Transit Operators Ken Hernandez and Cory Gibbs, who both recently passed away. A moment of silence was held to honor their lives and for serving the Pierce County citizens.

### 2. A Motion Appointing Amy Cleveland, Executive Director of Administration, to Serve as the Interim Chief Executive Officer

Chair Woodards reported that the Board considered this matter at the June 4, 2021, Special Board Meeting, and this item is before the Board today to formalize the appointment of Ms. Cleveland.

Commissioners Walker and Keel <u>moved</u> and seconded to appoint Amy Cleveland as the Interim CEO of the Pierce County Public Transportation Benefit Area as of June 16, 2021, with all appropriate authority that is usually and reasonably necessary to fulfill the responsibilities of that Interim CEO position. This authority includes but is not limited to the authority to make decisions and approvals consistent with the CEO position. Amy Cleveland will serve as interim CEO until either the appointment of a permanent CEO or until removed by this Board of Directors, whichever is sooner.

Motion carried, 9-0.

#### 3. Election of Chair and Vice Chair – Leadership Role Effective July 2021

Chair Woodards reviewed Pierce Transit Code Section 2.04.020, as it relates to the election of a Chair and Vice Chair and opened the floor to receive nominations for the Chair position.

Commissioner Mello nominated Marty Campbell to serve as the Chair.

Commissioners Mello and Walker <u>moved</u> and seconded to close nominations; no other nominations were received.

Motion carried, 9-0, and Commissioner Campbell was elected Chair.

Chair Woodards opened the floor to receive nominations for Vice Chair.

Commissioner Mello nominated Kristina Walker to serve as the Vice Chair.

Commissioners Campbell and Palmer **moved** and seconded to close nominations; no other nominations were received.

Motion carried, 9-0, and Commissioner Walker was elected Vice Chair.

### 4. FS 2021-027, Confirming appointments of Emily Freeman and Marlene Druker Each to the Community Transportation Advisory Group (CTAG) with Terms Beginning June 24, 2021 and Ending June 23, 2024

Community Development Administrator Penny Grellier presented on the item and gave an overview of the current membership of the CTAG committee and gave an overview of the recruitment and interview process the candidates participated in to fill the vacancies.

Commissioners Campbell and Keel <u>moved</u> and seconded to confirm appointments of Emily Freeman and Marlene Druker each to the Community Transportation Advisory Group (CTAG) with terms beginning June 24, 2021 and ending June 23, 2024.

Motion carried, 9-0.

#### PUBLIC COMMENT

Chair Woodards provided participation instructions to the public and opened public comment.

Clerk Jacobson announced that Pierce Transit received written comments from Joe Kunzler and Hillary Neal and those comments were forwarded to the full Board today and will be incorporated into the record.

The following individual(s) spoke during public comment:

- Laura Svancarek, Tacoma resident and Representative from Downtown on the Go, expressed concerns about Pierce Transit discontinuing the printed bus schedules and spoke about how underserved communities rely on printed materials because not all individuals have access to cell phones to access the data. She encouraged the Board to look into this matter and to come up with a more equitable method for bus schedule access.
- Julian Wheeler, Chair of Pierce County Accessible Communities Advisory Committee, invited members and staff to attend the committee's next meeting on July 13. He reminded attendees that this committee may be able to expedite funding for mobility/access type projects and that the committee is always looking for new members and new ideas.
- Nancy Slotnik, Midland resident and parent of Shuttle customer, expressed concern about lack of Shuttle accessibility in her area as a result of no service in the Midland area. She spoke about the inconvenience of transporting her son to locations where there is service. She encouraged the Board to focus on equity instead of parity.
- Steven Bird, Tacoma resident, noted that he rides Pierce Transit buses five days a week. He expressed concern about Pierce Transit discontinuing the printed bus schedules and noted that he feels this impacts low income and elderly riders. He reviewed statistical information that indicated that approximately 20 percent of the population does not have cell phone or internet service.

#### **CONSENT AGENDA**

(Items listed below were distributed to Commissioners in advance for reading and study and are enacted with one motion. Item(s) may be moved to the Action Agenda at the request of a Commissioner.)

Commissioners Mello and Roscoe **moved** and seconded to approve the consent agenda as amended. FS 2021-029 was moved to the Action Agenda by Commissioner Roscoe.

#### <u>ACTION AGENDA (The action agenda was re-ordered)</u>

#### 1. FS 2021-034, Authority to Execute Naming Rights Agreement No. 1223 with MultiCare Health System for the BRT Line Between Tacoma and the Spanaway Transit Center

Executive Director of Planning and Community Development Ryan Wheaton presented on the item. He gave an overview of the work that Superlative conducted to bring this agreement to fruition.

Bill Robertson, President and CEO of MultiCare Health System, thanked the Board for inviting him to the meeting. He reviewed the value and mission statement of his organization and noted that MultiCare is striving to create better access to better care and gave examples of how his organization achieves this. He talked extensively about the importance that basic needs of transportation, housing, and other services need to be accessible to all. CEO Dreier commented that Pierce Transit is thrilled to be partnering with MultiCare and thanked Mr. Robertson for his collaboration.

Mr. Wheaton reviewed various terms of the partnership agreement, including contract duration, revenue collection, and high-level aspects relating to the naming rights at the BRT stations. Mr. Wheaton showed examples of what the branding would look like.

Mr. Wheaton responded to questions about the commission amount that Superlative would receive for their work on this sponsorship and which was already agreed upon.

Various commissioners noted their support for this project.

Chair Woodards expressed gratitude to Mr. Robertson for his partnership to the community and extending the organization outside of their respective role of just providing healthcare.

Commissioners Campbell and Keel <u>moved</u> and seconded to authorize the Chief Executive Officer to execute Naming Rights Agreement No. 1223 with MultiCare Health System for the BRT Line between Tacoma and the Spanaway Transit Center.

Motion <u>carried</u>, 9-0.

#### 2. FS 2021-029, Authorization to Execute a Memorandum of Understanding with the City of Tacoma, Tacoma Public Utilities, Pierce County, and Washington State Department of Transportation (WSDOT) for Project No. 563 Bus Rapid Transit (BRT) Pacific Avenue/State Route 7 Corridor Project

Planning Manager Tina Lee presented on the item and noted that this agreement is not binding but is being put in place by the partners involved in the BRT project because the parties recognize completion of the project will require a cooperative, joint effort between all parties. The proposed MOU constitutes a statement of the partners mutual intentions and is a recital of discussions that have occurred.

Ms. Lee also reported that this agreement was approved by the Board in December of 2020; however, after approval, the City of Tacoma wanted to update Section 5 of the agreement and therefore the agreement was never fully executed.

Ms. Lee responded to questions pertaining to the language in the proposed MOU relating to "Design Review Services."

Commissioners Walker and Campbell <u>moved</u> and seconded to authorize the Chief Executive Officer to execute a Memorandum of Understanding (Pierce Transit Contract No. 1083) with the City of Tacoma, Tacoma Public Utilities, Pierce County, and WSDOT for Project No. 563 Bus Rapid Transit Pacific Avenue/State Route 7 Corridor Project as presented in Exhibit B.

#### Motion carried, 9-0.

### 3. FS 2021-032, Authority to Execute Contract No. 1170 with KPFF, Inc., for the Bus Rapid Transit System Expansion Study

Principal Planner Darin Stavish presented on the item, noting that the agency feels it is a good time to conduct an expansion study of the BRT system network to meet significant growth and increased demand for reliable, safe and fast transit service. The fixed routes to be analyzed are Routes 2, 3, 4 and 402, noting that the Route 2 has on-street characteristics to be built as a much lower cost BRT option since the 19<sup>th</sup> Street section would need to be forward compatible with the future Tacoma Link Streetcar (westbound) extension to TCC, planned for completion in 2039.

The expansion study would allow Pierce Transit to leverage further grant opportunities to complete construction and implementation of the BRT 2 Route. The contract timeline is estimated to run from July 2021 through September 2022 and is estimated to cost \$812,100.

Commissioners Campbell and Keel <u>moved</u> and seconded to authorize the Chief Executive Officer to execute Contract No. 1170 with KPFF, Inc., for the Bus Rapid Transit System Expansion Study for a total "Not to Exceed" amount of \$805,100 plus a contingency of \$7,000 for an authorized expenditure of \$812,100.

Motion <u>carried</u>, 9-0.

### 4. FS 2021-033, Delegation of Authority to the CEO to Negotiate and Agree to Settlements for Real Property Rights that Exceed the Appraisal of Just Compensation by \$50,000 or Less for the Pacific Avenue/SR 7 BRT Project

Senior Planner Janine Robinson presented on the item. She noted that the property acquisitions touch on about 400 properties and that the acquisition would be broken down in six phases and reviewed the timeline. In order to meet the goal of an operational BRT line in late 2024, all property rights must be secured by early 2024.

Ms. Robinson reviewed a chart showing a breakdown of types of property acquisitions that will occur and indicated that 60 percent of the properties are considered "commercial;" 30 percent of the properties are considered "residential," and 10 percent of the properties are considered "other." She also reviewed the Offer/Settlement Thresholds and responsible authority level for the various parcels from \$0 to over \$1,000,000.00.

Ms. Robinson reviewed the existing authority levels of the board and committees as it relates to approving administrative settlements with property owners and noted that the proposal before them today is being introduced to help keep the project on track, given the number of properties involved.

Upon inquiry, Ms. Robinson clarified Pierce Transit's outreach plan to affected property owners.

Commissioner Roscoe expressed concerns of the potential impact of the properties going over the \$50,000 threshold, which would result in cost overruns. She suggested forming a checkbook/reconciliation report that can be shared with the Board so that acquisition costs are properly tracked and to assist with keeping the project within budget.

Various commissioners were in favor of staff developing a report. The Board decided to defer taking action on this item until the July 12 Board meeting to give staff time to develop a reporting tool that can be shared with the Board.

#### 5. FS 2021-035, Authority to Execute Amendment No. 1 to The Superlative Group Corporate Sponsorship Contract No. PT-59-19

Marketing Supervisor Kathy Walton presented on the item, noting that Pierce Transit entered into a contract with the Superlative Group to develop a BRT sponsorship package for the Stream Line BRT in February 2020. The contract terms require an amendment each time a sponsorship agreement is effective.

Commissioner Campbell questioned what guarantees does the agency have to ensure that the whole package gets sold.

A representative from Superlative explained how his organization is compensated and stated that there is no guarantee that the whole package gets sold, but his organization is financially and reputationally motivated to sell sponsorships.

Commissioners Keel and Walker **moved** and seconded to Authorize the Chief Executive Officer to execute Amendment No. 1 to Contract No. PT-59-19 with The Superlative Group for the 30% commission of MultiCare's Naming Rights Agreement, for a total contract not to exceed amount of \$3,334,609.

Motion carried, 9-0.

#### STAFF UPDATES/DISCUSSIONS

#### 1. CEO'S Report

CEO Dreier reminisced and reflected on her tenure at Pierce Transit. She noted she is grateful for Pierce Transit employees trusting in moving the agency forward. She noted the employees are a strong group. She is very proud of staff and will miss the personal interactions with them.

Ms. Dreier thanked the Board for their trust and guidance they have shown her over the last six years, noting that she has learned from each member. She also thanked Commissioner Keel and Chair Woodards for their leadership roles and thanked the commissioners for the opportunity to serve Pierce Transit.

#### **INFORMATIONAL BOARD ITEMS**

#### 1. Chair's Report

Chair Woodards announced that the June 17, 202, Service Delivery and Capital Committee Meeting has been cancelled. The next meeting is scheduled for August 19.

#### **Update on CEO Recruitment Process**

Final interviews with the Board are scheduled for Wednesday, June 30 from 1:00-5:00 p.m. There will be opportunities for the community and staff to engage with the candidates.

#### 2. Sound Transit Update

Commissioner Keel reported that the realignment process is coming to a head and Pierce Transit/Pierce County projects are at the top of the list. He noted he is relying on Commissioners Woodards and Roscoe to continue to advocate for Pierce Transit/Pierce County.

#### 3. Puget Sound Regional Council Transportation Policy Board Update

No report.

#### 4. Commissioners' Comments

No comments.

#### **EXECUTIVE SESSION**

Chair Woodards announced that at the June 4, 2021, Special Board Meeting, Pierce Transit's legal counsel discussed potential legal risks of a proposed action that could result in adverse legal or financial consequences to the Agency. Not all of the commissioners were present for this meeting, so she would like to call a short executive session to have our legal counsel advise the members who were not present at the last meeting about the potential risks associated with a proposed action.

At 6:07 p.m., it was **moved** and seconded by Keel and Walker to recess into executive session for approximately 20 minutes to discuss potential legal risks of a proposed action that could result in adverse legal or financial consequences to the agency, pursuant to RCW 42.30.110 (1) (iii). It is anticipated that the Board will take formal action when it returns to open session.

#### Motion carried, 9-0.

At 6:27 p.m., it was announced to attendees that the executive session would be extended 10 minutes.

#### **RECONVENE TO OPEN SESSION**

Chair Woodards reconvened the regular meeting at 6:37 p.m.

#### **OTHER BUSINESS**

1. Authorize a Temporary Employment Agreement Between Pierce Transit and Sue Dreier

Chair Woodards noted that it was a goal to have a new Chief Executive Officer in place before Ms. Dreier retired. The Board feels it would be helpful to keep Ms. Dreier on as a temporary employee to assist the new Chief Executive Officer. She noted that contract will be extended through September 15, 2021 and may be terminated at any time.

Upon inquiry, General Counsel Millstein explained the benefits of structuring the contract for Ms. Dreier as a temporary employee as opposed to an on-call contract.

Commissioners Whalen and Campbell **moved** and seconded to approve a Temporary Employment Agreement Between Pierce Transit and Sue Dreier.

Motion carried, 9-0.

### 2. Honoring Sue Dreier for Serving as Pierce Transit's Chief Executive Officer from May 2015 to June 2021

Chair Woodards commended Ms. Dreier for her service to Pierce Transit and wished Ms. Dreier well in her retirement. Chair Woodards reviewed the notable achievements that the agency accomplished under Ms. Dreier's leadership.

Various commissioners commended Ms. Dreier for her service and Pierce Transit and wished her well. (*Commissioner Whalen left the meeting during discussion*.)

Ms. Dreier was also presented with a Pierce Transit engraved crystal bus to honor her for her service.

Ms. Dreier reiterated her gratitude for given the opportunity to serve Pierce Transit and thanked the employees and the Board for their work and confidence in her.

#### **ADJOURMENT**

Commissioners Campbell and Keel <u>moved</u> and seconded to adjourn the meeting at 7:12 p.m.

Motion carried, 8-0.

#### CALL TO ORDER

Vice Chair Campbell called the special board meeting to order at 1:11 p.m. and temporarily chaired the meeting until Chair Woodards joined the meeting at 1:19 p.m.

#### ROLL CALL

Commissioners present: Chris Beale, City of Tacoma Councilmember Marty Campbell, Vice Chair of the Board, Pierce County Councilmember Ryan Mello, Pierce County Councilmember John Palmer, Deputy Mayor for City of Puyallup (representing Puyallup and Edgewood) Kim Roscoe, Mayor of Fife (*representing Fife/Milton/ Pacific/Auburn/Gig Harbor/ Ruston/Steilacoom*) Kristina Walker, City of Tacoma Councilmember Jason Whalen, Deputy Mayor for City of Lakewood Victoria Woodards, Chair of the Board, Mayor of the City of Tacoma

Commissioners excused:

Kent Keel, City of University Councilmember (representing University Place and Fircrest)

Staff present: Amy Cleveland, Interim Chief Executive Officer Deanne Jacobson, Clerk of the Board Brittany Carbullido, Assistant to the CEO/Deputy Clerk of the Board Aaron Millstein, General Counsel from K&L Gates

#### **OPENING REMARKS AND RECAP OF RECRUITMENT PROCESS TO DATE**

Vice Chair Campbell welcomed attendees and recapped the CEO recruitment process to date. He also gave an outline about how the meeting would proceed, noting that majority of the meeting duration will take place in Executive Session and that decisions relating to the selection of a CEO candidate will occur in open session.

#### EXECUTIVE SESSION

At 1:16 p.m., the meeting was recessed into Executive Session for approximately 3.5 hours pursuant to RCW 42.30.110 (1) (g), for purposes of interviewing and reviewing the qualifications of applicants for public employment. (*Chair Woodards joined the meeting at 1:19 p.m.; General Counsel Aaron Millstein joined the meeting at 3:40 p.m.*) Vice Chair Campbell also announced that after deliberations, the Board will return to open session and is expected to discuss the strengths and abilities of the candidates and potentially select a candidate for employment. The Board may also discuss and consider a salary range based on industry data presented.

At 4:41 p.m., it was announced to attendees that the executive session would be extended 20 minutes.

Pierce Transit Board of Commissioners Special Meeting

At 5:00 p.m., it was announced to attendees that the executive session would be extended 15 minutes. (*Commissioner Whalen left the meeting at 5:00 p.m.*)

At 5:16 p.m., it was announced to attendees that the executive session would be extended five minutes.

#### **RECONVENE BACK TO OPEN SESSION**

The special meeting was reconvened at 5:25 p.m. Chair Woodards announced that the Board needs more time to deliberate about the candidates before selecting a candidate for employment and so the board is not ready to make the decision today. She spoke highly about the talent of the candidates that are being considered for the CEO position and thanked them for throwing their name in the hat and participating in the process.

Chair Woodards requested that staff set up a board meeting next week for further consideration and discussion to occur on the CEO candidate selection.

#### SALARY AND BENEFIT PACKAGE FOR INTERIM CEO

Employee Services Manager Tara Schaak reviewed Pierce Transit's policy for employees who perform work outside of their classification and explained that the policy does not address employees serving in the Interim CEO capacity because the CEO position is a contract position as opposed to a position that has step ranges. The Board reviewed three options that would allow for a temporary salary increase for Amy Cleveland to serve as the Interim Chief Executive Officer until a new CEO is hired.

Commissioners Campbell and Palmer **moved** and seconded to authorize Option No. 3 as outlined in the document entitled Interim CEO Compensation Data, allowing for a temporary increase in compensation to Amy Cleveland for serving and performing the duties of the Interim Chief Executive Officer, retroactive to June 16, 2021, and through the duration of the assignment until the new CEO begins working in his or her capacity, or until removed by this Board of Directors, whichever is sooner. The salary will be for all work performed, prorated for the actual period of the Interim CEO assignment and subject to applicable deductions and withholding."

Motion <u>carried</u>, 6-0. (*Commissioner Roscoe was not present for the vote.*)

BACKGROUND:

On June 22, 2012, the Building 4 central HVAC system had a catastrophic failure of both compressors. This failure resulted in having no cooling capacity for most of the office spaces in Building 4 thus creating a negative impact to staff in the affected areas. This is a potential health issue for some employees as the ambient temperatures are in excess of 80 degrees and projected to reach over 100 degrees. The repair of the system was expedited to allow for safe occupancy of the office areas.

An Emergency Public Works contract was issued to TRS Mechanical to replace the two failed compressor's associated fuses, contactors, filters, driers, and any additional parts that were damaged in the incident.

On June 25, 2021, the Interim Chief Executive Officer signed a Declaration of Emergency authorizing issuance of the emergency contract.

FACT SHEET PAGE 2

#### STAFF RECOMMENDATION:

Staff seeks ratification of Emergency Public Works Contract #1235 with TRS Mechanical to perform the repairs to Building 4 HVAC System, in an amount not to exceed \$30,000.

#### ALTERNATIVES:

There is no alternative. It is essential that the HVAC system be in good working order for the health and safety of employees.

#### PROPOSED MOTION:

Move to: Ratify Emergency Public Works Contract No. 1235 with TRS Mechanical to perform the repairs to Building 4 HVAC System in an amount not to exceed \$30,000.

DECLARATION OF EMERGENCY FOR PROCUREMENT OF PUBLIC WORKS, GOODS AND SERVICES

Effective immediately, all procurements for goods and services directly related to the emergency situation as stated below are exempt from competitive solicitation requirements per the following statute and Procurement Policy:

#### RCW 39.04.28

2.(b) If an emergency exists, the person or persons designated by the governing body of the municipality to act in the event of an emergency may declare an emergency situation exists, waive competitive bidding requirements, and award all necessary contracts on behalf of the municipality to address the emergency situation. If a contract is awarded without competitive bidding due to an emergency, a written finding of the existence of an emergency must be made by the governing body or its designee and duly entered of record no later than two weeks following the award of the contract.

In accordance with Pierce Transit Procurement Policy, as soon as practicable, a record of each emergency procurement shall be made and shall set forth the contractor's name, the amount and type of the contract, and listing of the item(s) procured under the contract. All emergency procurements shall be reported to the Board at the next subsequent meeting for ratification.

Description of emergency situation, operations and/or personnel affected and date of occurrence:

The building 4 central HVAC system has had a catastrophic failure of both compressors that occurred on June 22<sup>nd</sup>, 2021. This failure results in having no cooling capacity for most of the office spaces in building 4 thus creating a negative impact to any staff in the affected areas. This is a potential health issue for some employees as the ambient temperatures are in excess of 80° and projected to reach over 100°. The repair of the system must be expedited to allow for safe occupancy of the office areas.

Contractor Name and Scope of Work:

TRS Mechanical is the service contractor that will perform the repairs. The scope of work is to replace the two failed compressors associated fuses, contactors, filters, driers, and any additional parts that were damaged in the incident.

Total amount of contract (not to exceed) \$30,000.

New Contract \$ 480,000 Authority Amount			

BACKGROUND:

In December of 2020, the Board approved a contract with Wood Harbinger to provide design services for updating Pierce Transit's security camera system and Emergency Warning System. The original contract proposed moderate revisions to the existing system, with an initial concept that included 103 new or relocated cameras at 18 sites.

During design, 116 cameras were proposed to be added to the scope. One third of the additional cameras were for Pierce Transit's main campus (Fuel and Wash stations and Building 4 and 5 parking lot reconfiguration) whose designs were not far enough along to determine all placement of the cameras when the contract was signed. Twenty-eight cameras were proposed to be added to Tacoma Dome Station and fourteen to Commerce after the subject matter expert did an extensive walkthrough with the consultants. Those four sites account for two-thirds (76) of the proposed added cameras. The remaining additional cameras were sprinkled through ten transit centers and park-and-rides as FACT SHEET PAGE 2

more detailed assessments were done through the design process. The consultant is requesting \$90,000 for design services needed to add these cameras.

#### STAFF RECOMMENDATION:

Increasing the contract authority amount to \$480,000 for additional design services, providing cameras added at multiple existing sites.

#### ALTERNATIVES:

The alternative is to not fund the additional design and not install the additional cameras. This is not recommended, as the additional cameras were proposed through a collaborative effort between the agency's Subject Matter Expert and the consultant and were vetted with other security staff. They are anticipated to improve surveillance and ensure the Security Enhancements project results in a system that is well-equipped to serve the agency for several years to come.

#### **PROPOSED MOTION:**

Move to: Increase the contract authority not to exceed amount by \$90,000 with Wood Harbinger, Contract No. 1038, to expand existing design services to allow for additional security cameras in various locations across the Pierce Transit System, for a new contract not to exceed authority amount of \$480,000.

BACKGROUND:

The Agency budget for 2021 includes funding for up to nine (9) forty-foot, low floor, CNG replacement coaches.

Washington State DES has established a State Cooperative Purchasing Schedule currently available to Pierce Transit, Pierce Transit received the authorization to purchase nine (9) Transit Buses from DES Master Contract No. 06719-01 on June 23, 2021.

Pierce Transit seeks authority to enter into Contract No. 1201 with Gillig, LLC, to purchase nine (9) forty-foot, low floor, CNG coaches pursuant to Washington State DES State Cooperative Purchasing Schedule Master Contract No. 06719-01 Transit Buses: Heavy Duty that was competitively procured by DES. The coaches are expected to be delivered in the fourth quarter of 2022 with anticipated in-service beginning first quarter of 2023.

FACT SHEET PAGE 2

#### STAFF RECOMMENDATION:

Authorize the Chief Executive Officer to execute Contract No. 1201 with Gillig LLC for the purchase of nine (9) forty-foot, low floor, CNG replacement coaches.

#### ALTERNATIVES:

Do not enter into a contract with Gillig LLC. The coaches being replaced are currently sixteen (16) to seventeen (17) years old with average miles of 690,000. Replacement is consistent with Pierce Transit's Replacement Policy. These vehicles are becoming more unreliable and expensive to maintain.

#### PROPOSED MOTION:

Move to: Authorize the Chief Executive Officer to execute Contract No. 1201 with Gillig, LLC, to purchase nine (9) forty-foot, low floor, CNG Coaches for a total not to exceed amount of \$5,673,146 plus a contingency of \$358,613 for an authorized expenditure of \$6,031,759.

BACKGROUND:

A Base Master Plan Update was completed in 2018. Out of that plan several recommendations were made to improve efficiencies, update aging infrastructure and plan for growth and changing fleet composition for buses and other service and support vehicles. From that list of recommendations, several projects were identified as priorities, including parking lot expansions, building expansions or renovations, and new adjacent facility construction. This project is intended to improve safety, transit vehicle circulation, increase efficiency and capacity for maintenance and operation of all vehicle types.

Due to the need for continued operations throughout the construction period, our Base Master Plan consultants recommended we use General Contractor/Construction Manager (GC/CM) as the desired method of project delivery. Since then we have entered into a contract with Absher Construction to use the GC/CM method of project delivery. Pierce Transit hired Parametrix as the GC/CM consultant to ensure successful application with the State, as well as facilitate the process through construction for the first phases of the project.

The initial contract issuance with Parametrix provided for work through the construction contract award of Guaranteed Maximum Price (GMP) 1 and civil work for GMP-2 with a not to exceed value of \$332,806. This contract increase amount includes the support needed through the end of 2021 for construction support services for the Fuel and Wash Facility. The amendment includes Change Order review and negotiation with GC/CM, site progress walks, observation support, technical support, and other related tasks.

#### STAFF RECOMMENDATION:

Staff recommends that the Board authorize increasing the contract authority not to exceed amount to \$585,806 to support the execution of the Base Master Plan Implementation.

#### ALTERNATIVES:

Do not increase the contract authority not to exceed amount with Parametrix. This is not recommended as the Base must remain fully operational throughout the multi-year update. Pierce Transit wants to continue working with the firm as an advisor and utilize the firm's expertise to support the agency through 2021 with the construction of the Fuel and Wash Facility.

#### PROPOSED MOTION:

Move to: Increase the contract authority not to exceed amount by \$253,000 with Parametrix, Contract No. 1001, for GC/CM Advisory services for the Base Master Plan Implementation, for a new contract not to exceed authority amount of \$585,806.

Current Contract Authority Amount	\$ 6,895,840.76	The Base Master Plan project budget for contracts
Amount of Increase	\$ 2,750,000.00	through 2021 is approximately \$49,000,000, which includes construction of the new Fuel and Wash Facility
New Contract Authority Amount	\$ \$9,645,840.76	and preliminary design for Phase I of the new Maintenance Facility. Additional budget will be added in future years for subsequent phases.

#### BACKGROUND:

A Base Master Plan Update was completed in early 2018. Out of that plan several recommendations were made to improve efficiencies, update aging infrastructure and plan for growth and changing fleet composition for buses and

other service and support vehicles. From that list of recommendations, several projects were identified as priorities, including parking lot expansions, building expansions or renovations, and new adjacent facility construction. This project is intended to improve safety, transit vehicle circulation, increase efficiency and capacity for maintenance and operation of all vehicle types.

During the development of the Project, additional scope was added to contract without adding any additional funds, including evaluation of the existing Maintenance Building versus building new, study and preliminary design to add EV charging for BRT-1, evaluation, feasibility, and preliminary design to add maintenance repair services to the New Fuel & Wash Building and accommodate double-decker buses. In addition, funding for construction support for the Fuel & Wash Building was deferred until construction contract was awarded. Therefore, funds that otherwise would be available for architectural services for future phases were utilized earlier.

Staff is requesting this contract increase amount for Huitt-Zollars to produce schematic design options, design development of preferred options, professional estimates, construction documentation and construction support throughout the bidding and construction stages of the work for Phase 1 of the new Maintenance Facility Building. We anticipate that completion of the new maintenance building will be completed in several phases over the next 5-10 years as funding allows. The total cost for implementing the entire Base Master Plan project will exceed \$200,000,000. This amendment will provide architectural services for approximately the first third of the total project.

#### STAFF RECOMMENDATION:

Authorize increasing the master contract authority in a not to exceed amount of \$2,500,000 and a design contingency of 10% for Fuel & Wash construction support, and Phase 1 design to accommodate a new Maintenance Facility. The design contingency will only be used for annually approved rate fee escalation and any unforeseen design scope additions.

#### ALTERNATIVES:

Do not approve increasing the contract authority amount by \$2,750,000 and defer the design of the new Maintenance Facility and allow the master contract to expire. This is not recommended as the main base has reached its capacity and without these improvements Pierce Transit's ability to service and maintain the Pierce Transit and Sound Transit fleets in the future to support the service projected in the coming years will be compromised.

#### PROPOSED MOTION:

Move to: Increase the contract authority not to exceed amount by 2,750,000 with Huitt-Zollars, Inc., Contract No. PT-04-18, for Architectural and Engineering Design and Construction Support Services for the Base Master Plan Implementation Project Relating to Phase 1 of the New Maintenance Facility, for a new contract not to exceed authority amount of \$9,645,840.76.

## Presentation Agenda

# We'll be discussing the following:

- Scale of BRT Property Acquisitions
- Acquisitions Timeline
- Board Actions
- Settlement Thresholds and Approval Authorities
- Progress Reporting
- Proposed Motion
- Questions

### Scale of Acquisitions

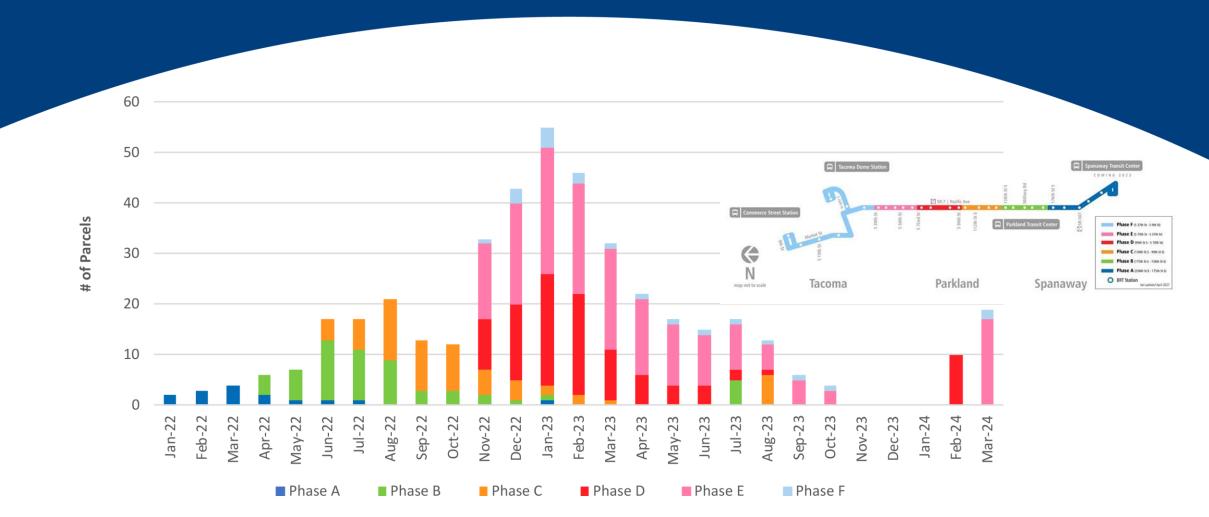

## The Types of Property Acquisitions

- ± 60% of properties are Commercial
- ± 30% of properties are Residential
- ± 10% of properties are considered Other (recreation, institution, religious, unknown)

About half of the parcels require fee acquisition (outright purchase of a portion of the property).

### Acquisitions Timeline SHOWN BY CONSTRUCTION PHASE

## Board Actions

- Authority to acquire property needed for BRT Project, including through purchase, negotiation, and condemnation, if necessary. Includes determination of public use and necessity to acquire the property rights.
- Authority to acquire property with appraised value of \$1,000,000 or more (EFC or SDCC authority if value is greater than \$200,000)
- Approval of settlements that exceed [by \$50,000 or more] the appraisal of just compensation for the property.
- Authority to initiate condemnation legal proceedings.

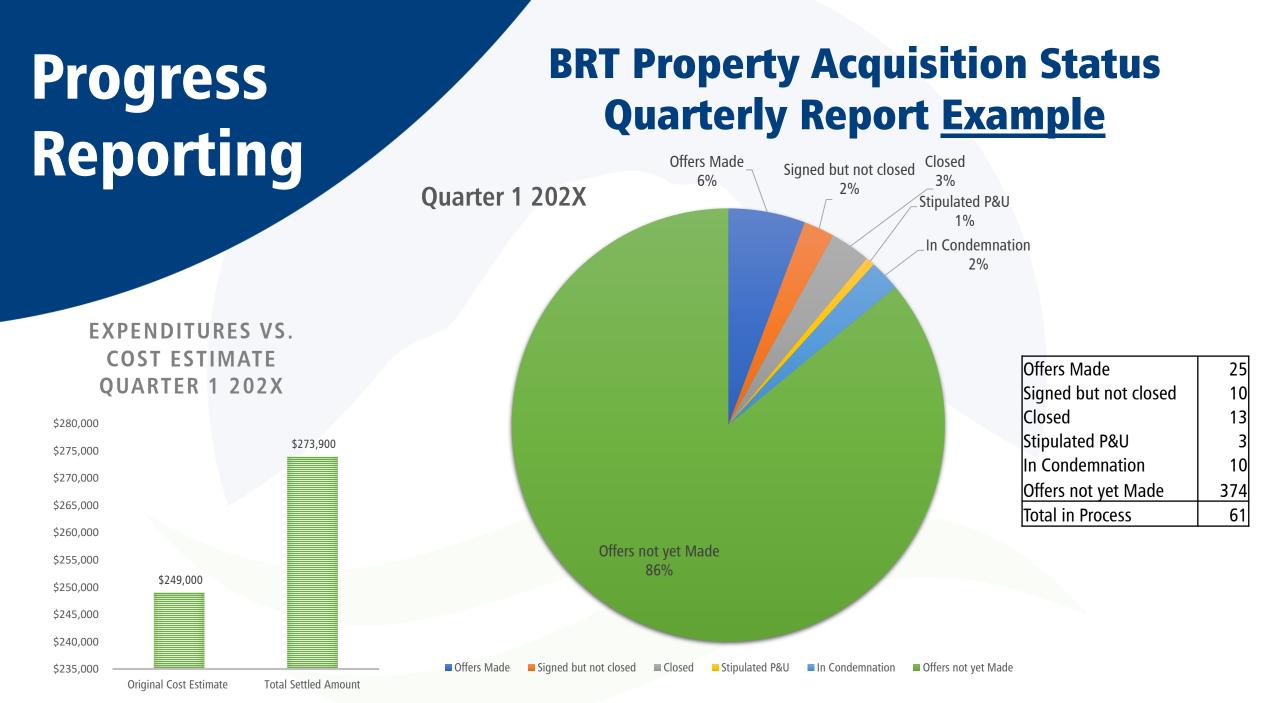

### Thresholds and Authorities

### **Offer/Settlement Thresholds and Party Responsible for Approval**

- 90% or 323 parcels \$0 to \$40,000 (Exec. Dir. Planning)
  - **5% or 17 parcels** \$40,001 to \$75,000 (Exec. Dir. Finance)
  - 4% or 14 parcels \$75,001 to \$200,000 (CEO)
  - 2% or 6 parcels \$200,001 to \$1,000,000 (EFC or SDCC)
  - **0% or 0 parcels** \$1,000,000+ (Board and FTA)

To break the 90% under \$40,000 down a little further:

- 68% or 244 parcels \$0 to \$10,000
- 54% or 196 parcels \$0 to \$5,000

## Proposed Motion

The Board of Commissioners delegates authority to the CEO or the CEO's designee to negotiate and agree to settlements for real property rights that exceed the appraisal of just compensation by \$50,000 or less for the Pacific Avenue/SR 7 BRT Project; and Direct Staff to Prepare Quarterly Property Acquisition Status Report to the Board of Commissioners Detailing the Property Acquisition Expenditures vs. Property Acquisition Cost Estimate for the Pacific Avenue/SR 7 BRT Project.

## Have Any Questions?

Thank you for your time today. If you have any questions regarding what we just covered or about property acquisition, please don't hesitate to ask.

TITLE: Delegation of Authority to the CEO to Negotiate and Agree to Settlements for Real Property Rights that Exceed the Appraisal of Just Compensation by \$50,000 or Less for the Pacific Avenue/SR 7 BRT Project; and Direct Staff to Prepare Quarterly Property Acquisition Status Report to the Board of Commissioners Detailing the Property Acquisition Expenditures vs. Property Acquisition Cost Estimate for the Pacific Avenue/SR 7 BRT Project DIVISION: Planning & Community Development

#### RELATED ACTION:

Resolution No. 18-025 - Adoption of the Locally Preferred Alternative (LPA) Mode, Termini, and Alignment for the Proposed Pacific Avenue/SR 7 Corridor Bus Rapid Transit (BRT) Project.

ATTACHMENTS: None

RELATION TO STRATEGIC PLAN: Customer

BUDGET INFORMATION: N/A

#### BACKGROUND:

Pierce Transit's first Bus Rapid Transit (BRT) route in the Stream system is planned to replace a portion of the current Route 1 along the 14.4-mile corridor between Downtown Tacoma and Spanaway. Although the route will operate primarily in the public right-of-way (ROW), building this project will require Pierce Transit to purchase strips of land in sections of the route where there is not enough room for the project's street improvements (additional needed roadway areas, BRT station locations, and sidewalk installations). The project also requires acquisition of temporary construction easements (TCEs) to allow the contractor the space to build the project improvements and integrate them with adjacent properties.

With approximately 400 impacted properties spanning City of Tacoma, Pierce County, and WSDOT jurisdictions, the Pacific Avenue / SR-7 BRT project includes a very large property acquisition effort. It is anticipated that the acquisition effort will be broken down by phases, like the plan for the construction effort. The project is currently broken into six phases, with Phase A starting at the south end in Spanaway; Phase F is at the north end within the City of Tacoma not on SR-7.

The following data provides an idea of the scale of the acquisitions for the BRT project (note that this data is preliminary and is based on designs that are changing as the project is further refined):

- About 60% of properties are Commercial
- About 30% of properties are Residential
- About 10% of properties are considered Other (recreation, institution, religious, unknown)
- About half of the parcels require fee acquisition (outright purchase of property)
- Almost all parcels require TCE rights (temporary acquisitions for construction)
- Of the approximately 200 fee acquisitions, over 40% equate to less than 4% of the total lot area; about a quarter are less than 2% of the lot area

#### FACT SHEET PAGE 2

• Almost half of the TCEs require less than 4% of the lot area; the other half require between 5 and 14% of the lot area

In order to meet the goal of an operational BRT line in late 2024, all property rights must be secured by early 2024. These acquisitions are anticipated to begin with Segment 1 in the Spanaway area. The official acquisition process, which begins with property appraisals after the project has completed 60% design and our jurisdictional partners have signed off on the right of way (ROW) plans, would begin late 2021 with Phase A. This equates to about two years of active negotiations and settlements with property owners, which is an aggressive, but achievable, timeframe. On average, this equates to about 15 properties per month. We would expect to see a peak of settlements in the mid to latter part of the project schedule rather than an even distribution throughout each month of negotiations. When negotiations peak, we might realistically see that number doubled or tripled during some months, which may lead to a burdensome and overwhelming administrative approval process.

In property acquisition negotiations, a large majority of acquisitions are settled administratively. The law requires that just compensation be *no less than* the fair market value as determined by an appraisal, but also requires that an agency must negotiate in good faith with an owner to acquire property when under the threat of condemnation. Many times, an owner may bring new information to light that the appraiser was not aware of, leading to a reasonable settlement amount that is higher than the original offer. Other times, the cost and schedule risks of condemnation need to be considered. In any case, a great majority of the acquisitions on any large project will require administrative approval for settlements above the offer amount, and the Pacific Avenue/SR-7 BRT project is no exception.

Pierce Transit's Code *Chapter 3.13.110.C. Real Property Acquisition and Disposition*, states: "The acquisition price of individual properties (or ownerships) shall in no case exceed Pierce Transit's appraisal of fair market value or authorized budget limitations without further specific Pierce Transit Board approval." The purpose of the proposed action before the Board is for the Board to delegate approval of administrative settlements to the CEO or the CEO's designee, with a limit of \$50,000 above the appraised fair market value (determination of just compensation).

The Board's involvement in the various steps of the property acquisition process includes the following (step 3 applies to the action before the Board today):

Board Action in Property Acquisition Process	Explanation
1. Authority to acquire property needed for BRT Project, including through purchase, negotiation, and condemnation, if necessary. Includes determination of public use and necessity to acquire the property rights.	This is the general authorization to acquire the property needed for the BRT Project but is subject to the limitations in item numbers 2-4 below.
2. Authority to acquire property with appraised value of \$1,000,000 or more (EFC or SDCC authority if value is greater than \$200,000)	This would occur after appraisals are complete and prior to offers being made to property owners for properties above these thresholds.
3. Approval of settlements that exceed by \$50,000 or more the appraisal of just compensation for the property.	This is the subject of this Board action. Should the Board choose not to give authority to the CEO or the CEO's designee to agree to settlements that exceed the appraisal of just compensation by \$50,000 or less, every

	negotiation that results in an amount above the original offer amount would come to the Board (or EFC or SDCC). (Note that FTA approval is required if the settlement amount exceeds the original offer amount by more than \$50,000.)
4. Final action to authorize initiation of condemnation legal proceedings.	Potentially affected property owners would receive a Notice of Final Action at least 15 days prior to a public meeting at which the Board considers authorizing condemnation legal proceedings.

Should the Board approve this delegation of authority to agree to settlements with property owners up to an amount of \$50,000 over the original offer amount, Pierce Transit's contract approval thresholds and authorities would still be followed for every transaction. This means that the Executive Director of Planning would approve settlements where the total offer falls under \$40,000 (estimated to be 90% of parcels); the Executive Director of Finance would approve settlements between \$40,000 and \$75,000 (est. 5% of parcels); the CEO would approve offers totaling \$75,000 to \$200,000 (est. 14% of parcels). All offers totaling \$200,000 to \$1,000,000 would come to the EFC or SDCC (est. 2% of parcels; and anything over \$1,000,000 would come to the Board (and to FTA) for approval (none currently estimated).

At the June 14, 2021, the Board of Commissioners meeting, staff presented on this item. After hearing and considering staff's presentation, the Board directed staff to prepare a quarterly property acquisition status report to the Board of Commissioners detailing the property acquisition expenditures vs. property acquisition cost estimate for the Pacific Avenue/SR 7 BRT Project and bring back this item for final approval at the July 12, 2021 Board meeting.

Staff proposes to provide the Board of Commissioners with a quarterly update of the status of property acquisitions for the BRT project. The update would provide the following information:

- 1. Total number of properties
- 2. Number of offers made
- 3. Number of parcels closed
- 4. Number of parcels settled but not fully closed
- 5. Number of parcels not settled but with stipulated Possession and Use (allows construction to move forward prior to settlement)
- 6. Number of parcels in condemnation
- 7. Property acquisition expenditures vs. property acquisition cost estimate for all closed properties

#### STAFF RECOMMENDATION:

In real estate transactions, timely decision-making is often key to coming to agreement. With the volume of acquisitions needed for the Pacific Avenue/SR 7 BRT Project and the aggressive schedule, staff recommends that the Board delegate authority to the CEO or the CEO's designee to agree to settlements with property owners in a timely manner by reducing the administrative burden in the approval process that could result in increased administrative costs and possible schedule delays. We believe this will make a significant contribution toward a successful project delivery while setting reasonable limits on the negotiation authority delegated to the CEO or the CEO's designee. In addition, the quarterly property acquisition status update will allow the Board to monitor the acquisition process.

#### ALTERNATIVES:

- 1. Do not delegate authority to the CEO or the CEO's designee to agree to settlements with property owners for an amount up to \$50,000 above fair market value and have all settlements that exceed appraised amounts come to the Board for approval.
- 2. Choose a different amount of settlement authority to delegate to the CEO or the CEO's designee for settlement negotiations with property owners.

#### PROPOSED MOTION:

Move to: Delegate authority to the CEO, or the CEO's designee, to negotiate and agree to settlements for real property rights that exceed the appraisal of just compensation by \$50,000 or less for the Pacific Avenue/SR 7 BRT Project; and direct staff to prepare a quarterly property acquisition status report to the Board of Commissioners detailing the property acquisition expenditures vs. property acquisition cost estimate for the Pacific Avenue/SR 7 BRT Project.
